

A Long History of Proven Performance

Based in Denver, DI Graphics is an 80-year old company legacy with a long history of driving results for our customers. We're a proven and premier provider of vehicle wraps, environmental wraps and other large format graphics. With the ability to wrap many different outdoor and indoor surfaces, our clients can turn unused assets into powerful branding opportunities that target specific audiences – delivering millions of brand impressions per year.

We specialize in fleet rebranding projects of any size and scope. We've completed more than 200,000 wraps for projects big and small. For one telecommunications company, we wrapped a fleet of 50,000 vehicles in more 5,500 locations in 22 states. We have the unique technical, creative and logistical knowledge, combined with proven end-to-end project management, to complete your project on time and on budget.
